

## Woodstock Horse Sport Club Revegetation and Rehabilitation

### Community Planting

You are invited to participate in a community tree planting with Woodstock Horse Sport Club members and project partners Powerlink Queensland and Townsville City Council. Five hundred trees and shrubs have been planted in three previous plantings, and a further two hundred will be put in the ground at this event.

The community tree planting is part of a project by the Woodstock Horse Sport Club to rehabilitate the banks of the creek running through the Townsville City Council Sport and Recreation Reserve. The area will provide habitat for many native finches, including the endangered Black-Throated Finch. The Chinese Apple weed has now been eradicated and local native riparian vegetation is being established to provide new habitat.

#### Event details

Date : Saturday 3<sup>rd</sup> February 2007

Time : 8:00am to 11:00am

Venue: Woodstock Horse Sport Club, Glenn Road, Woodstock

RSVP : Libby Guest – Community Environment Fund Project Officer

Tel : 0409 068 141

Email : [libbyg@thuringowa.qld.gov.au](mailto:libbyg@thuringowa.qld.gov.au)

#### Community Environment Fund

The Community Environment Fund is a three-year project funded by a \$500,000 community grant from Powerlink Queensland, and \$500,000 from project partners the Townsville City Council and Thuringowa City Council.

The Fund aims to form partnerships and undertake projects that enhance the environmental properties of the Townsville and Thuringowa region, and to minimise the visual impact on the community of the electricity infrastructure owned, operated and maintained by Powerlink Queensland.
