

Paradise Lake Community Planting

You are invited to join Community Environment Fund (Supported by Greening Townsville) for the first community planting event at Paradise Lake.

Native shrubs, trees and ground covers specific to wetland habitats will be planted to contribute to the expansion of wetland characteristics of the Lake. These plantings will complement the advanced trees that have been placed through out the project site earlier this year.

Everyone is welcome to participate in this community planting. Activities on the day will include tree planting, fertilising, mulching and watering.

Projected image of completed project

Event Details

When : 8:00am to 11:00am on Saturday, 15 December 2007

Where : Paradise Lake (behind Morley's Funeral Home)

Bring : Hat, gloves, sturdy closed footwear, sunscreen and drinking water

A free BBQ will be provided with the assistance of the Northern Suburbs Lions Club – proud supporters of similar projects throughout the twin cities.

Enquiries: please contact Community Environment Fund officer Libby Guest on 4773 8457.

Community Environment Fund

The Community Environment Fund is a three-year project funded by a \$500,000 community grant from Powerlink Queensland, and \$500,000 from project partners the Townsville City Council and Thuringowa City Council.

The Fund brings business, local government and the community together on environmental projects which improve wildlife habitats, create recreational areas, provide job training opportunities and minimise the visual impact of the electricity infrastructure owned and operated by Powerlink
