

Weekend Planting – March 11th 2006

Dalrymple Road Revegetation and Amenity Planting project is nearing completion. Townsville City Council would like to invite you to plant the 2000th tree on site with Deputy Mayor, and Chair of Community Environment Fund Steering Committee, Cr. Ann Bunnell.

The revegetation works that have taken place along this section of Dalrymple Road between Wooldcok St and Bayswater Road will mitigate the visual impacts of the powerline network by reducing the visual dominance of the powerline structures and drawing the eye away from them as the main feature of the landscape.

The plantings have also contributed a lasting legacy through the expansion of urban native habitat, and the involvement of local residents over several community plantings since July 2005.

Community Environment Fund

The Community Environment Fund is a three-year project funded by a \$500,000 community grant from Powerlink Queensland, and \$500,000 from project partners the Townsville City Council and Thuringowa City Council.

The Fund aims to form partnerships and undertake projects that enhance the environmental properties of the Townsville and Thuringowa region, and to minimise the visual impact on the community of the electricity infrastructure owned, operated and maintained by Powerlink Queensland.
